Utah Independent Telephone company, a corporation of Utah, will sell at public auction to the highest bidder for cash at the west front door of the City and County Building, in Salt Lake City, Utah, at ten o'clock a. m., on June 6, 1911, all the property which it owns or is entitled to, except, of course, its primary franchise; and will or will not sell its secondary franchises, according to which method will bring the larger sum.

The following is a description of all the property owned by this company, to-wit:

All property, real, personal and mixed, now owned by said company or to which it is entitled; all telephone exchanges, equipment and telephone lines, situate in the state of Utah, and all lands, real estate, grants, ways and rights of way, licenses and easements now owned by said company or to which it is entitled; all buildings, machinery, exchanges, motors, batteries, wires, tools, poles, cables and all other apparatus and conduits of whatever description and wherever situate in the state of Utah, either now owned by said company or to which it is entitled and all equipment and personal property of every description now owned by said company or to which it is entitled. All materials, contracts, accounts, choses in action and all franchises, rights, privileges, immunities, licenses and things in action; all contracts, claims and demands, tolls and income now owned by said company or to which it is entitled; and all other property now owned by said company or to which it is entitled even though the same is not described herein.

An inventory and detailed description of the company's property and secondary franchises will be furnished on application; and prospective bona fide purchasers may investigate this company's affairs at any time previous to the sale.

All of the said property will be sold without the secondary franchises of the company if such method will bring the higher sum; if, on the other hand, a larger sum can be realized by selling the property with the secondary franchises, then that method will be pursued. If the property is sold with the secondary franchises then notice is hereby given that the secondary franchise from Salt Lake City to this company is non-transferable except by the consent of the city council of Salt Lake City and reference is hereby made to section 12, page 561, of the Revised Ordinances of Salt Lake City, 1903. And if the highest bidder desires all the property together with the secondary franchises, then he must take the risk of procuring the consent of the city council of Salt Lake City to the transference of such franchise, and this company hereby obligates itself to give all the aid it can to that end.

The purchaser or purchasers shall pay at least 10 per cent of the amount of their bid at the time of making the same, such payment to be made either in cash or by certified check on some responsible bank in Utah, and such sum shall be forfeited to the company as liquidated damages in case such purchaser does not complete the balance of his payment. The balance of the bid shall be paid when the proper conveyances, assignments and transfers from this company are ready for delivery. The proceedings of the president and secretary in making the sale of the company's property shall be reported back to its board of directors for confirmation before any title shall pass. The person conducting the sale shall have the right to reject any bid for any of the property if he deems such bid unjustly insufficient when compared with the fair value of the property, taking into consideration the fact that the property is being sold at public auction. The president and secretary are authorized to execute

the necessary assignments, conveyances and transfers to pass the title of the property sold after the sale is confirmed. The president of this company is authorized to adjourn the sale from day to day, if, in his judgment, that course is wise or necessary and to adjourn the sale over Sundays and holidays.
